

# SAVE OXHEY PARK PLAYING FIELDS

We the undersigned object to Watford Borough Council's plan to build a skate park, BMX track, cycle hub and other facilities on the Oxhey Park North site.

Our objections include but are not limited to the following:

- Exacerbation of existing flood risk
- Too much planned for a limited space
- Loss of the only flat grassed area suitable for off lead dog exercise, children's games etc
- Disturbance to local wildlife
- Risk of graffiti and ASB
- WBC's inability to maintain the park with its current user base, with consequent increasing reliance on volunteers when/if more are attracted
- Risk of future proposal to build housing or commercial property on the site in the event facilities are not popular or, in the case of the cafe, not financially viable
